Assistant Principal

Parents / Guardians,

We will be making a minor change to our morning drop-off plan that we believe will lend itself to a safe and efficient morning experience for all who drive onto campus each school day.

The vast majority of our students are driven to school, particularly during inclement weather and the colder winter months. The amount of traffic coming onto the campus between 7:15 and 7:30 AM is understandably very heavy. Please know that a large percentage of our faculty and staff are also arriving at this time, adding to the traffic volume.

Two locations are recommended for safe student drop-off on campus each morning. Students arriving at these locations will use the doors listed below as the morning entrance.

Drop-Off Loop #1

This is our current main drop-off located on the public library side of the building. This loop sees the greatest volume of traffic. The loop is designed for parents to enter at the middle school front parking lot pull up closest to the gym for students to safely exit the vehicle and enter the building at **Door #8**. Please drive up to the loop as far as possible before stopping and unloading. Exiting the loop will be right turn only in the morning.

Drop-Off Loop #2

This loop is located on the high school side of the middle school adjacent to the Alumni Center. Parents using this loop will need to enter at the high school entrance and drive along the front of the high school to access the loop in front of the Alumni Center. Students will be able to enter the building using **Door #4** located at the loop. Please consider regular daily use of this loop as an option as it can help decrease heavier traffic in any one drop-off location.

Thank you for your anticipated patience and cooperation as we work together to make the morning arrival experience as safe and efficient as possible for all who come to learn and work at NTMS.
