Dear Ohio Families and Little Jacks,

On behalf of the entire faculty and staff, I would like to welcome our new and returning families to the 2021-2022 school year.

We have eagerly awaited the full reopening of our school. There are many exciting things happening this year at Ohio.

Our new Discovery Den is well underway, and we anticipate completion by late fall. The Discovery Den is a STEAM (Science, Technology, Engineering, Art, Math) initiative that will make Ohio a nationally recognized *Woz ED Pathway School*. Students will be able to explore, experiment and take a hands-on approach to learning. It will broaden their thought process and give them the freedom to dream.

Please consider joining our school volunteer program and home association as our students can greatly benefit from your involvement and contributions to the school's program and its operations.

As a reminder, updates regarding COVID-19 protocols, as well as academics and events happening at Ohio Elementary can be found through our Seesaw App, as well as our district webpage. Be sure to like the Ohio Home Interest Organization page on Facebook, as well to see any special announcements.

Again, we are looking forward to a great 2021-2022 school year and a productive partnership with you to ensure our children achieve their highest potential.

Sincerely,

John Steckstor
Principal
