

ADVANCED PowerPoint Project

55 POINTS

Create a six-slide PowerPoint show on an appropriate topic of your choice. Make sure to follow the rubric and directions below. Collect information from the Internet by “Googling” your topic.

Slide Requirements		Points Available	Points Achieved
Slide 1	Title slide must include a title for the presentation, and your name	4	
Slide 2	Introduce what the presentation will inform us about (ex: unicorns)	4	
Slides 3,4, and 5	On each of the next three slides, give details on your topic (ex: slide 3: where they live, slide 4: what they eat, 5: how to ride one)	8	
Slide 6	Inviting people to learn more by clicking on website links (that link to where you found your information)	4	
		20	

Requirement	Remember	Points Available	Points Achieved
SAVE file as P?_TOPIC_Lastname	You WILL lose points if not saved correctly	2	
There must be action buttons on at least three slides	Located In shapes gallery	6	
At least one slide must include Clip art that has been resized	Make sure it is not distorted	2	
Include an animated chart or animated Smart Art (must be animated so it doesn't appear at once)	Make sure to change effect options to show you know how to customize animation effects	4	
Include hyperlinks with text that explains what the reader will find on the website rather than the URL (at least two sites)	Make sure to record the sites you use in your research so you can create links on the last slide	8	
Animate text on at least one slide making sure to adhere to the run over rule	Animated text should not RUN OVER other content on the presentation	4	
Time the Presentation to take 2 minutes total	Use Rehearse timings in the Set Up group on the Slide Show tab to time your slide show	4	
Insert a footer that includes the topic, your name and slide number on all slides EXCEPT the title slide		5	
Total Points Achieved		35
