

**NORTH TONAWANDA CITY SCHOOL DISTRICT BUILDING PLAN
NORTH TONAWANDA HIGH SCHOOL
2008-2009**

At-Risk students

GOAL: Provide at-risk students with educational experiences and opportunities that will foster the full development of his or her potential.
DISTRICT/STATE STANDARD: Ensure all at-risk students will meet state and local standards.
CURRENT STATE: Not all at-risk students are meeting the state and local standards. Currently we have 20% of students in need of AIS in ELA and 13% in Math.
DESIRED STATE: Decrease the amount of students requiring AIS services by 3% per year for 3 years to reduce AIS in ELA by approximately 10%. Decrease the amount of students requiring AIS services by 2% per year over 3 years to reduce AIS in Math by 6%.

OBJECTIVE	KEY MEASURE	STRATEGIES	RESPONSIBILITY	TIMELINE	REVIEW DATES
Implement pre-Intervention Strategies to meet the unique needs of at-risk students that enable them to meet or exceed state and local standards.	Reduce the amount of students requiring AIS services.	<ol style="list-style-type: none"> 1. Academic support provided by AIS for all at-risk students. 2. Ongoing professional development that targets the gaps and needs that are determined by data analysis for this population and how to address their unique needs. 3. Continued staff development on the SST process. 4. Through the SST process support work with classroom teachers to systematically assess and target instructional strategies for individual student growth. 5. Individual counseling for identified at-risk students. 6. Group counseling for identified at-risk students. 7. Provide intake/assessment service for admittance to the Alternative High School. 8. Monitor and supervise the Program of Academic Support Services (P.A.S.S.). 9. Provide crisis intervention for identified at-risk students as needed. 	Social Workers	2008-2009	June 2009
