To the North Tonawanda City School District Staff:

I want to take a moment to thank all of our employees for their hard work. We have many changes coming down from the State at a time where finances are tighter than ever before. This means we have a tremendous amount of change and change is stressful. I know that the last few weeks have been even more stressful for all of the North Tonawanda City School District "Family". The teachers' union, the Board and my administration stay committed to working together.

I want to thank the Administrators' Union as well for their concessions. The only way to come out of this stronger is to keep our communication lines open and honest as we work through these necessary changes.

Try to rest and relax over the spring break. It will be gone before you know it.

Gregory J. Woytila
